

LOCAL SHOOTING RANGE WELCOMES SCOUTS AND THEIR FAMILIES

The introductory shooting sports programs administered by the Boy Scouts of America are successfully recruiting significant numbers of new shooters. Cultivation of these new shooters and their families can significantly increase participation in the shooting sports and carry on our shooting sports heritage.

The following shooting range facility located within our Council service area welcomes Boy Scouts, Venturers and their families to continue the joy of target shooting. This range is recognized by the Youth Shooting Sports Alliance (YSSA) as providing a family-friendly environment in their local community and a place for responsible, fun and safe target shooting:

W R Hunt Club
