

**Wilderness First Aid / CPR
Training
November 9-11, 2012**

CAMP MIAKONDA

The American Safety and Health Institute (ASHI) program is an outdoor oriented first aid training program expanding on the skills presented for the Scouting community.

This is a 16-hour first aid course for backcountry situations when EMS is not readily available.

The course meets the current requirements for those attending any of the BSA High Adventure Camp programs and is recommended for those attending any other High Adventure programs that Scouts or Venturers might be involved. CPR certification (additional 4 hours) will be offered as an option on Friday evening (Must be completing ASHI certification to participate). For CPR participants, there will be an online training section that needs to be completed prior to attending the weekend. That information will be given to those that sign up prior to the course starting via the email address provided on the second page.

The ASHI Wilderness First Aid program is open to all youth 14 or older and must be recommended by their Venture Advisor, Scoutmaster or Council Contingent Crew Advisor. The program is also open to Adult Scouters. Solid working knowledge and proficiency of all Boy Scout and/or Venturing first aid requirements for rank advancement and First Aid Merit Badge is required. ALL participants must complete a Part A and B medical form and bring this to the weekend training. We offer different options that are listed below, please bring the appropriate clothing and sleeping gear for staying overnight at Camp Miakonda, this is cabin camping.

The 20-hour course (ASHI and CPR) begins Friday evening with the CPR certification and the class ends about 5 PM on Sunday. Please arrive at the Ford Center.

Participants must pre-register at the Scout Service Center (Nancy), the CPR class runs from 6-9:30 PM on Friday night and the Wilderness First Aid Training runs Saturday 8:00 AM to Sunday at 5:00 PM.

The class is limited to 20 participants, which can be either youth or adult. Philmont only requires that one person from a crew obtain this certification however it's important that two go through this program. Much of the class will involve hands-on practice outdoors. The class will go on, rain or shine. Come prepared for any weather possibility. Participants will just need to show up at Camp Miakonda on the day they need to arrive (based on the option they selected). Usually a sign is posted around camp to direct people to where the training is.

The options for the weekend and the associated cost are:

1 – Wilderness First Aid and CPR (3 meals Saturday, 2 meals Sunday and manuals): \$ 100

2 - Wilderness First Aid only with arrival on Friday night (3 meals Saturday, 2 meals Sunday and manuals): \$ 90

3 - Wilderness First Aid only with arrival on Saturday morning (2 meals Saturday, 2 meals Sunday and manuals): \$ 85

Because of the cost of shipping materials at the last minute, a free of increase of \$10 will be added to cover expatiated shipping of the workbooks.

Registrations are due no later than Friday, October 19th.

Fees are transferable but not refundable. Please bring Medical form and consent / photo form to training.

For questions please contact Joel Moszkowicz at Joel.Moszkowicz@gmail.com or to register please contact Nancy at 1-800-241-7293.
